I0. This is the very important part. You need to make sure that you put your name so the teacher will be able to identify you and admit you into the meeting. Please type your full name and email address as it appears in Compass and enter the text in the image.
 If the teacher can't identify you, they will not admit you.

11. Select your preferred audio and video settings. Then click on **"Join meeting"**. It is recommended you switch both on so the teacher can see and hear you.

12. A "how to" may come up regarding your Audio and Video settings, skip it (unless you want to go through it). You may also need to give your browser access to your camera and microphone by clicking allow in your browser. You are now waiting in the lobby and the teacher will admit you when they are ready.

13. Once you have completed the interview, please make sure you leave the room so the teacher can prepare for the next interview.
